

## **RECREATIONAL PILOT LICENCE (RPL)**

Some students choose to achieve the RPL prior to achieving their PPL. Pilots who have their RPL may:

- fly solo in the circuit area or the designated training area with only one passenger
- fly Day VFR private operations in a single engine aircraft.

To be eligible, applicants must:

- have at least 25 hours flight time which must include 5 solo hours
- pass an RPL theory exam
- pass a flight test;
- have a current Recreational Aviation Medical Practitioner Certificate
- be at least 16 years of age
